Spelling Practice Activity

Dear Family,
Ask your child to write the spelling words correctly on a separate sheet of paper. As you work with your child to practice this week's spelling words, try the following activity.

Help your child form generalizations that will help him or her remember the spellings of the words in this unit. One such generalization is that each of the words is made up of a word plus an ending (**-ed** or **-ing**). Have your child write each spelling word and circle the base word in each.

Example:
scrubbing (scrub)
