

# TECHNOLOGY CLUB

COMPUTER • GRAPHICS • ROBOTICS • SOFTWARE

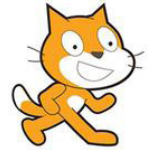

## ST. CLETUS -STEM TECHNOLOGY CLUB

Wednesdays - 3p.m. - 4:30 p.m. - \$130 per session + annual \$50 equipment fee\*

We live in a world surrounded by technology. And we know that whatever field your child chooses to go into as adults, their ability to succeed will increasingly hinge on understanding how technology works. But only a tiny fraction of children are learning computer science, and less students are studying it than a decade ago. Engineering For Kids will be providing Technology Club for K - 5th graders. Technology Club will be a variety of learning programming logic without a computer, computer hardware, graphics, video game design, computer software and robotics. These classes will build upon each other.

DATE	Grade
Sept 19,26,Oct 3,10	Grades K-2nd - Session 1
Oct 17,24,Nov 7,14	Grades 3rd-5th - Session 1
