

MS. FOGLE'S NEWSLETTER

9/1/2025 - 9/12/2025

A NOTE ON GOOGLE CLASSROOM

Google Classroom is a space where I post assignments we both do in-class and for homework. Often times, I will give a physical copy to students to complete, and the GC post is just a reminder to complete it.

Grades are only posted on PowerSchool.

GENERAL ANNOUNCEMENTS

- Our first PBIS assembly was today.
- **Grandfriend Mass will be Sept. 25.**

RSVP here:

<https://form.jotform.com/23247850619706>

1

- Chess Club starts next Wednesday.

MATHEMATICS CLASS

- In 7th grade Tuesday math class, we continued our discussion on rules for the sides of all polygons.
- In 7th grade accelerated math, we are working on strategies to identify proportionality in representations such as graphs, tables, and equations.
- 7th accelerated math has a math project due this coming Thursday 9/17/25

SCIENCE CLASS

- In science class, we began discussing the rock cycle, which is the processes by which rocks change between 3 types: sedimentary, igneous, and metamorphic.
- We simulated the formation of sedimentary rock using Jolly Ranchers, and modeled the entire rock cycle using Starbursts.
- 6th grade had a vocabulary quiz this Friday. 7th and 8th will have theirs this coming Tuesday 9/16.

7TH GRADE LANGUAGE ARTS

- We continue working on our mini-essay project. We have written our first draft, peer reviewed it, and proofread our work.
- We will be preparing for a presentation of our work taking place Friday 9/19.
- Our vocabulary quiz will take place next Thursday 9/18.
